2 Imperative ▶ GRAMMAR

Audio: **Chapter 2**

Audio includes: learning mode, translation mode

Grammar note:

In Arabic the imperative only applies to the second person (you). It is formed by removing the present tense prefix. Sometimes a vowel is added at the beginning to help with pronunciation.

يشرب (**yashrabu**, *he drinks*) → remove present tense prefix +
add vowel → اشرب (**ishrab**, *drink!*)

To form the feminine imperative form, add an **ي** (**i**), and to form the plural - add an **وا** (**uu**) at the end of the verb.

Unlike in English, the expression *let's* is not imperative and is not formed that way. Instead, it is formed by adding the prefix **لن** (**lin**) to the verb.
